## USER MANUAL

# ***SELAMAT***

**PREPARED FOR**

SIR. MUHAMAD RIDHWAN BIN MOHAMAD RAZALI

2023635298	AHMAD AMIRUL ZAHID BIN ZAHARI
2023654342	MOHAMAD IZZUDIN BIN AHMAD KAMAL
2023213262	MUHAMMAD RAIYAN BIN ROSHIDI

*STEP BY STEP*  
*FOR*  
**ADMINISTRATOR**

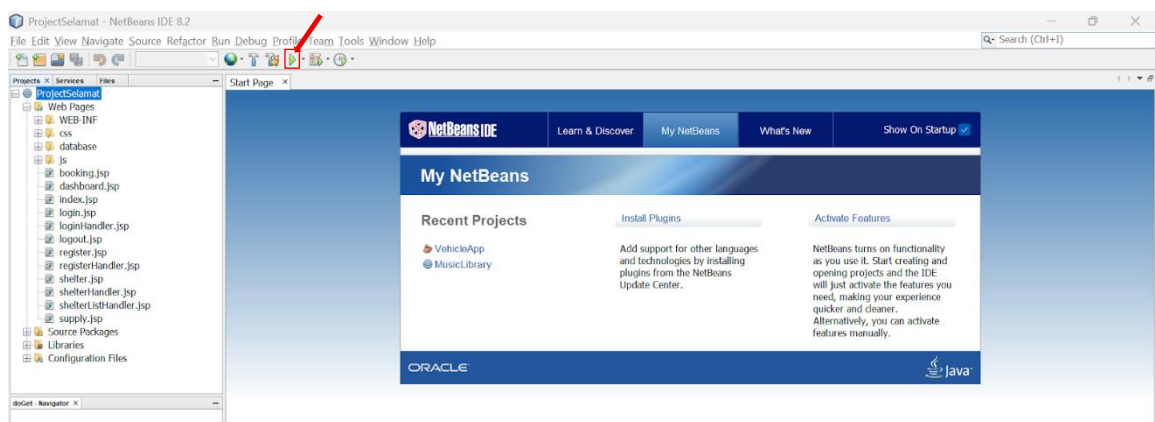

## Step 1: Open Net Beans

Open NetBeans IDE

## Step 2: Run Project in NetBeans IDE

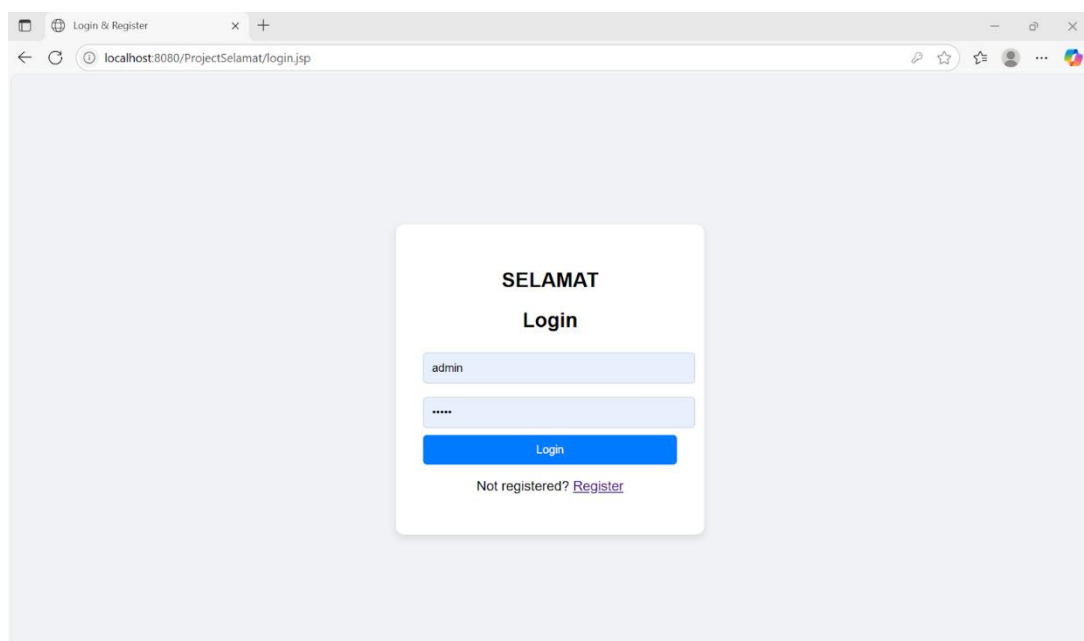

Please open the **Project Selamat** in NetBeans IDE and run the project.

## Step 3: SELAMAT Login Page

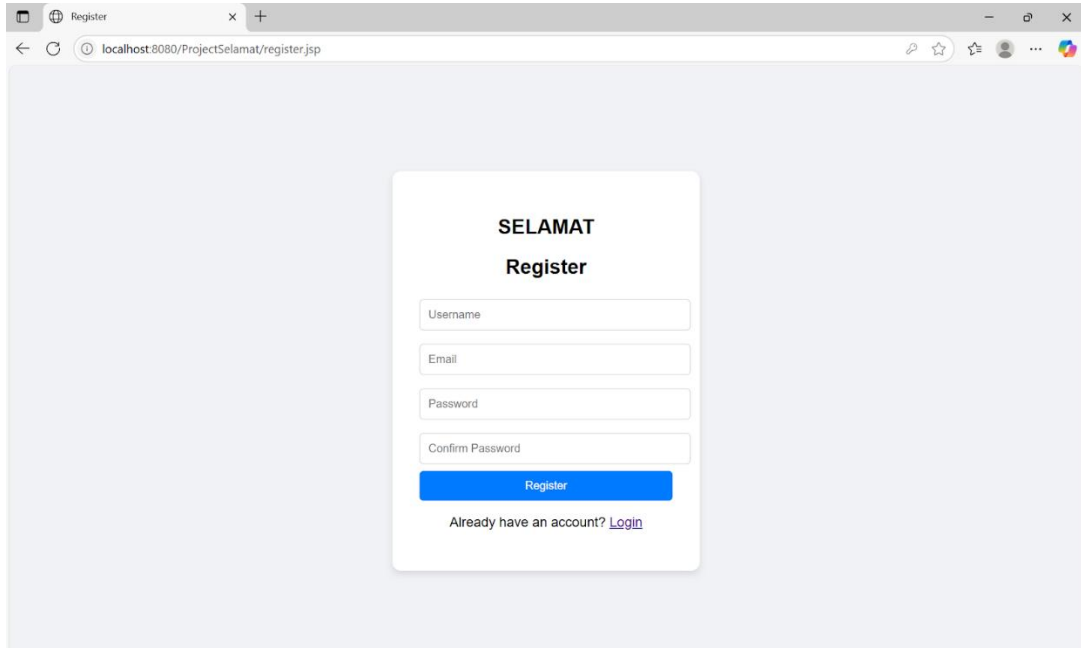

Once the project runs successfully, it will open the **SELAMAT Login Page**.

If the user already has an account, enter your Email and Password to log in.

## Step 4: Register Page

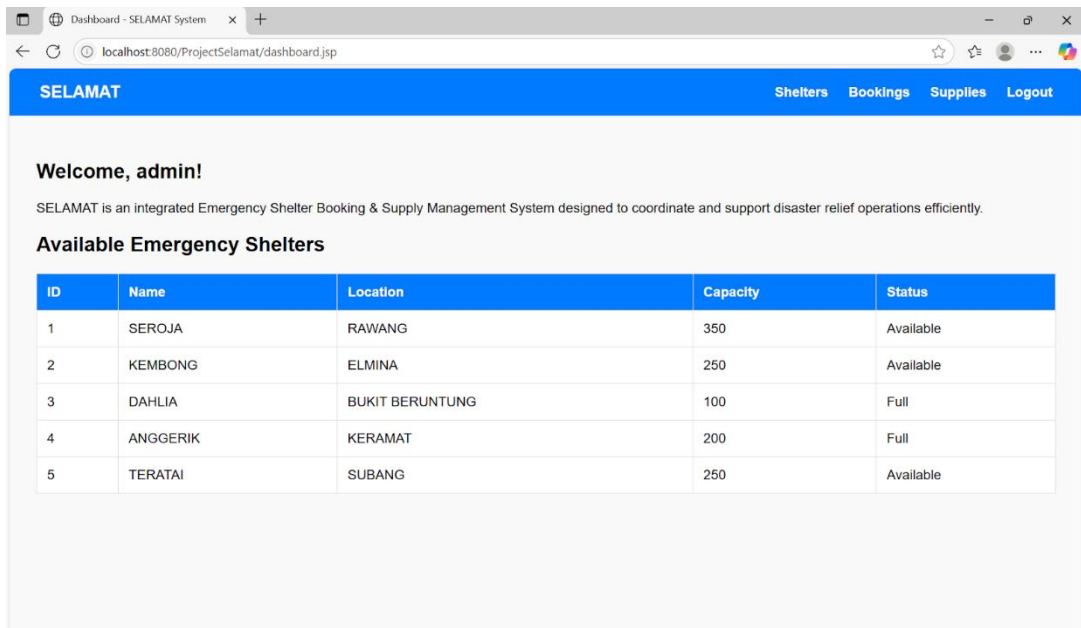

If you do not have an account, you need to **Register** first.

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/ProjectSelamat/register.jsp'. The page features a central white card with the title 'SELAMAT Register'. Below the title are four input fields: 'Username', 'Email', 'Password', and 'Confirm Password'. A blue 'Register' button is positioned below these fields. At the bottom of the card, there is a link that says 'Already have an account? [Login](#)'.

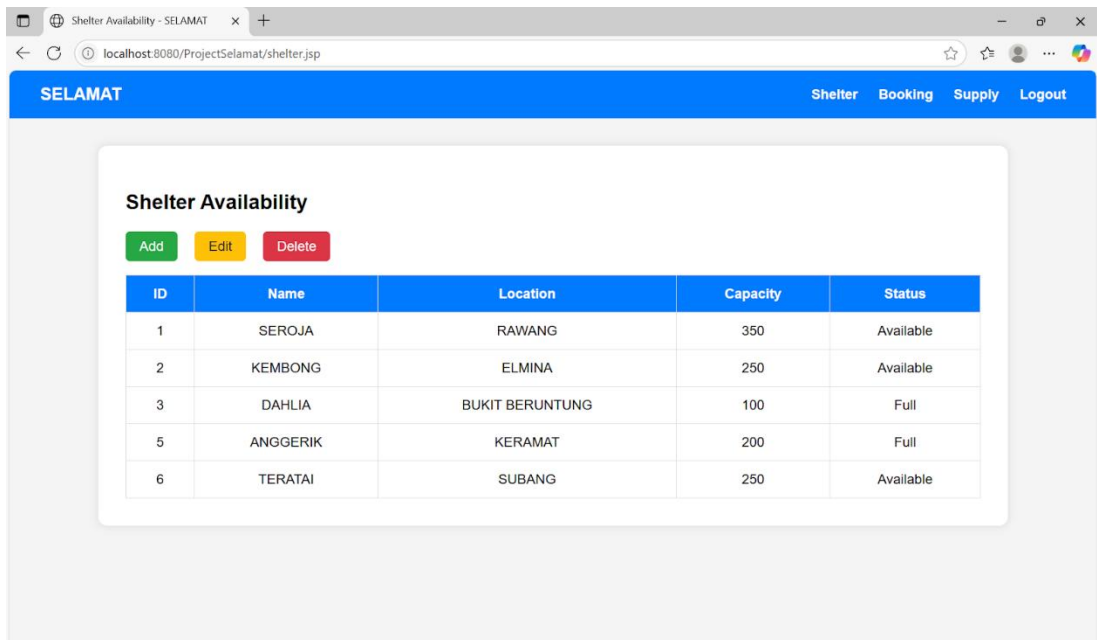

## Step 5: SELAMAT dashboard

Once you have successfully login the page, it will go to SELAMAT dashboard. In the SELAMAT dashboard, admin can view available Emergency Shelters, bookings and add and view available supplies.

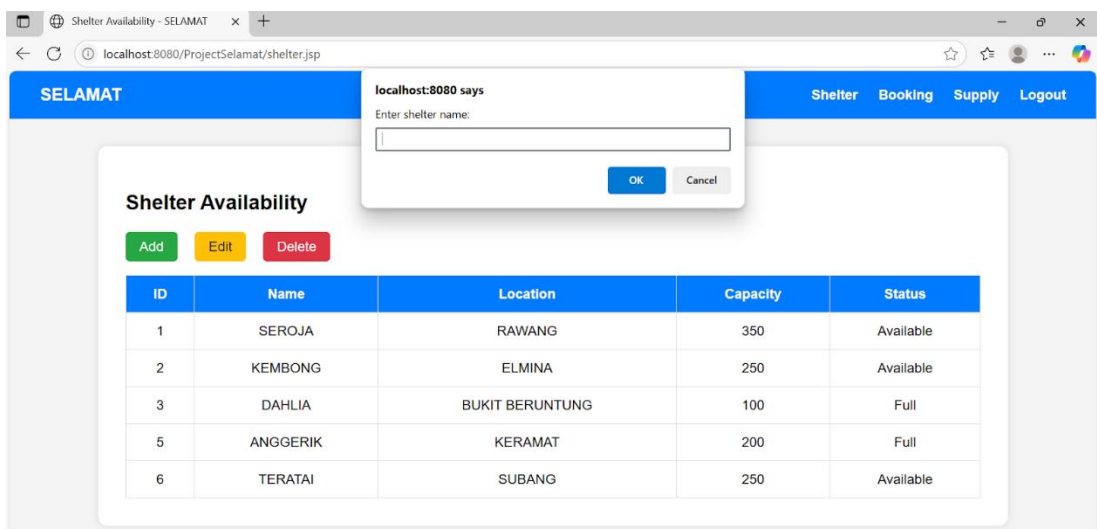

The screenshot shows the SELAMAT dashboard. At the top, there is a blue header bar with the text 'SELAMAT' on the left and navigation links 'Shelters', 'Bookings', 'Supplies', and 'Logout' on the right. Below the header, the main content area starts with a welcome message: 'Welcome, admin!' followed by a description: 'SELAMAT is an integrated Emergency Shelter Booking & Supply Management System designed to coordinate and support disaster relief operations efficiently.' Below this, there is a section titled 'Available Emergency Shelters' which contains a table with 5 columns: ID, Name, Location, Capacity, and Status. The table lists 5 shelters with their respective details.

ID	Name	Location	Capacity	Status
1	SEROJA	RAWANG	350	Available
2	KEMBONG	ELMINA	250	Available
3	DAHLIA	BUKIT BERUNTUNG	100	Full
4	ANGGERIK	KERAMAT	200	Full
5	TERATAI	SUBANG	250	Available

## Step 6: Add New Shelters

Click “Add” button to enter the name, location, capacity and can set the status for the new Shelter.

## Step 9: Add Supply Inventory

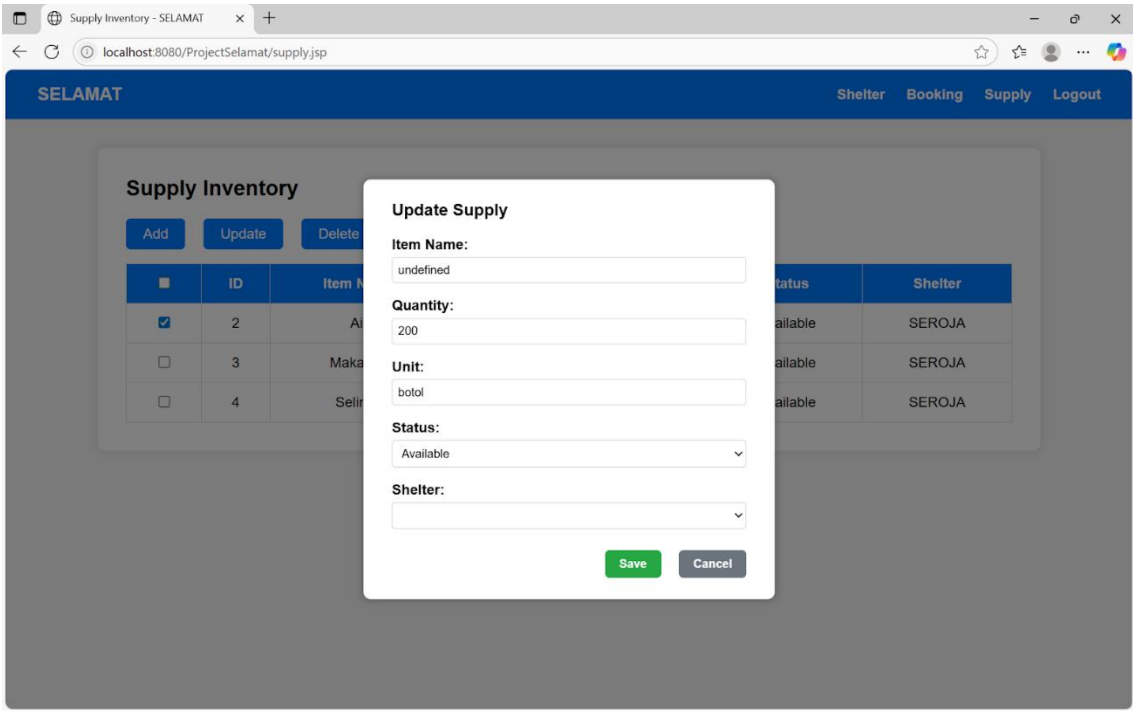

Click “Supply” button to add, update and delete the supply.

Enter the Item Name, Quantity, Unit, Status and select the Shelters to add the supply.

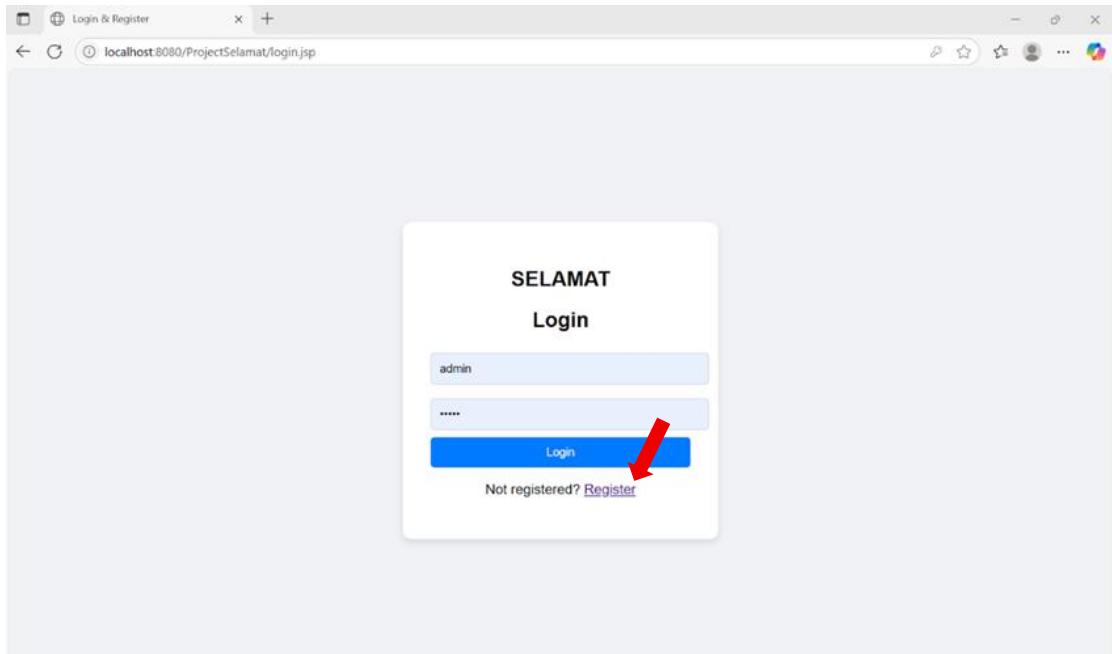

Choose an item to modify its quantity, status, and shelter location for supply.

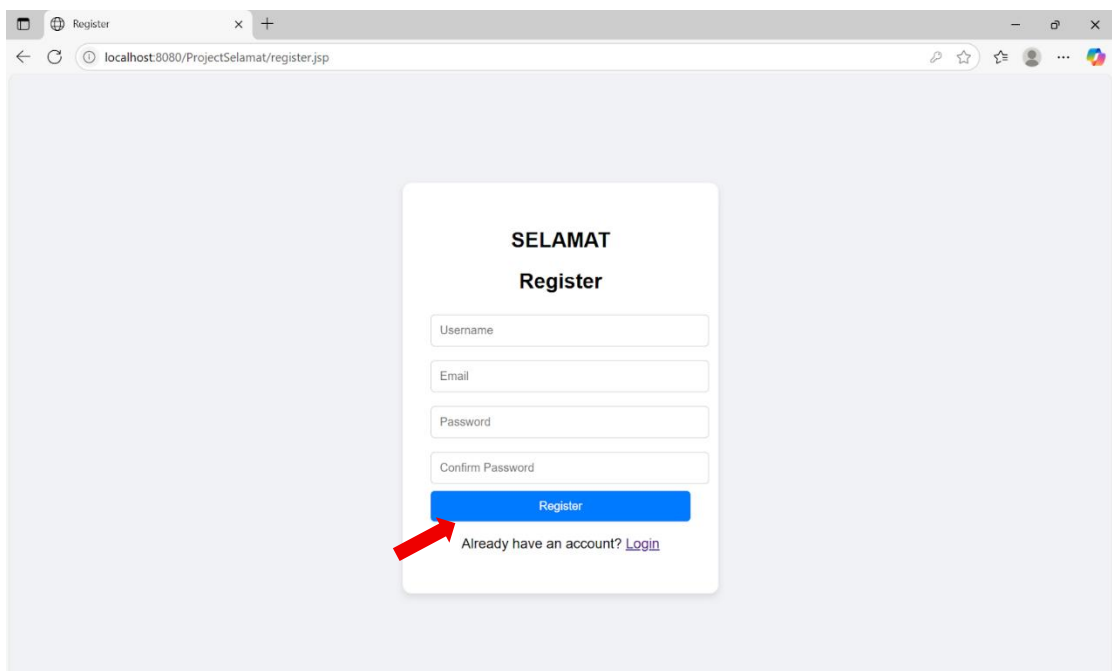

*STEP BY STEP*  
*FOR*  
**USERS**

## Step 1: Login or register

Please enter your username and password to log in to the system. If you don't have an account, please register to create one.

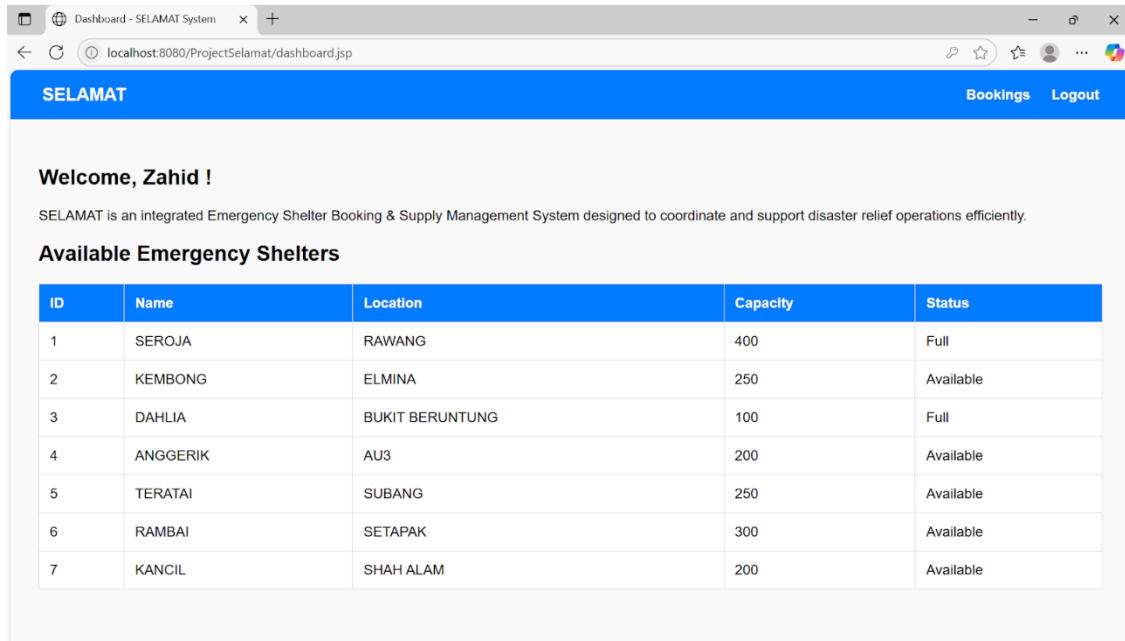

The screenshot shows a web browser window with the title "Login & Register" and the URL "localhost:8080/ProjectSelamat/login.jsp". The page features a central white card with the heading "SELAMAT Login". Below the heading are two input fields: the first contains the text "admin" and the second contains six asterisks "\*\*\*\*\*". A blue "Login" button is positioned below these fields, with a red arrow pointing to it. At the bottom of the card, the text "Not registered? [Register](#)" is displayed.

The screenshot shows a web browser window with the title "Register" and the URL "localhost:8080/ProjectSelamat/register.jsp". The page features a central white card with the heading "SELAMAT Register". Below the heading are four input fields labeled "Username", "Email", "Password", and "Confirm Password". A blue "Register" button is located below these fields, with a red arrow pointing to it. At the bottom of the card, the text "Already have an account? [Login](#)" is displayed.

## Step 2: View the available Shelters

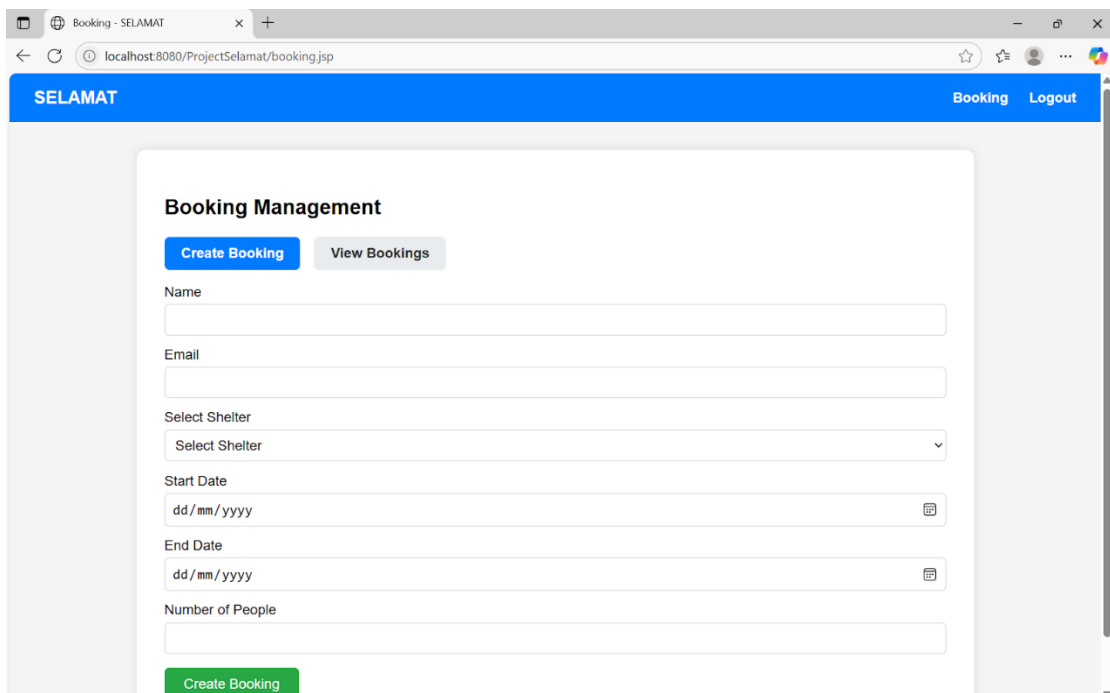

The screenshot shows the SELAMAT Dashboard. The header is blue with the text "SELAMAT" on the left and "Bookings Logout" on the right. The main content area has a welcome message "Welcome, Zahid !" and a description of the system. Below this is a section titled "Available Emergency Shelters" which contains a table with 7 rows of shelter information.

ID	Name	Location	Capacity	Status
1	SEROJA	RAWANG	400	Full
2	KEMBONG	ELMINA	250	Available
3	DAHLIA	BUKIT BERUNTUNG	100	Full
4	ANGGERIK	AU3	200	Available
5	TERATAI	SUBANG	250	Available
6	RAMBAI	SETAPAK	300	Available
7	KANCIL	SHAH ALAM	200	Available

## Step 3: Create a booking

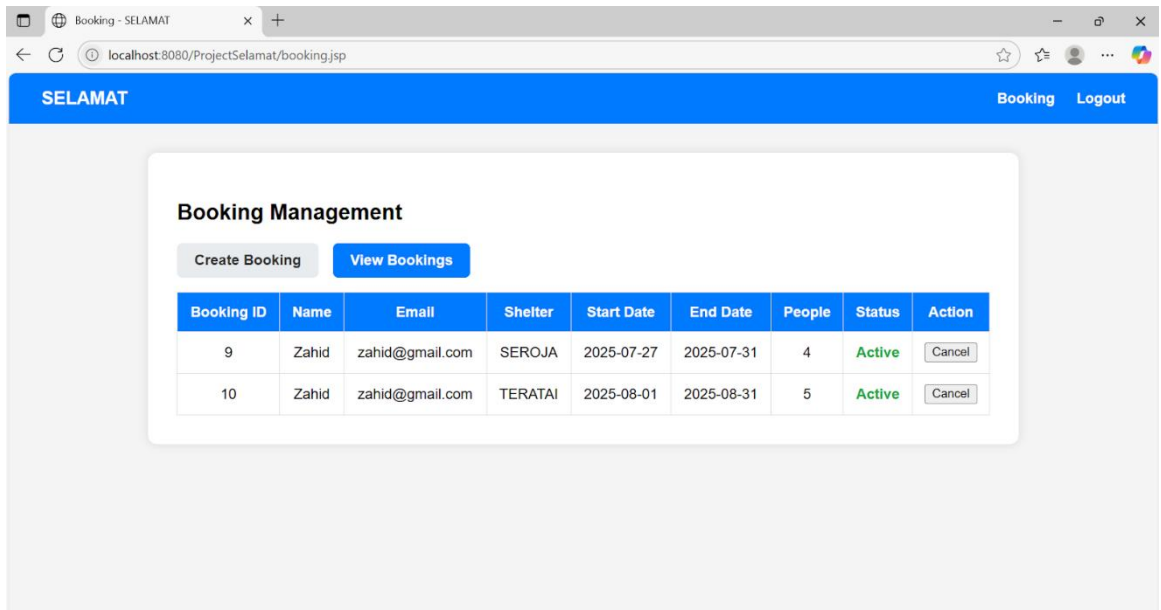

Please complete all required fields on the booking page, such as Name, Email, Shelter Selection, Start Date, End Date, and Number of People

The screenshot shows the SELAMAT Booking Management form. The header is blue with the text "SELAMAT" on the left and "Booking Logout" on the right. The main content area has a title "Booking Management" and two buttons: "Create Booking" (blue) and "View Bookings" (grey). Below these are several input fields: Name, Email, Select Shelter (a dropdown menu), Start Date (with a date picker icon), End Date (with a date picker icon), and Number of People. At the bottom is a green "Create Booking" button.

## Step 4: View Booking Status

After successfully creating the booking, you can view the information and status of your booking.

The screenshot shows a web browser window with the URL `localhost:8080/ProjectSelamat/booking.jsp`. The application has a blue header bar with the text "SELAMAT" on the left and "Booking Logout" on the right. Below the header, there is a "Booking Management" section. This section contains two buttons: "Create Booking" (disabled) and "View Bookings" (active). Below these buttons is a table with the following data:

Booking ID	Name	Email	Shelter	Start Date	End Date	People	Status	Action
9	Zahid	zahid@gmail.com	SEROJA	2025-07-27	2025-07-31	4	Active	<button>Cancel</button>
10	Zahid	zahid@gmail.com	TERATAI	2025-08-01	2025-08-31	5	Active	<button>Cancel</button>
